

Everything Has Gender

Believe it or not, everything living or not living, has gender. Not convinced? Read on.

FREEZER BAGS:

They are male, because they hold everything in, but you can see right through them.

PHOTOCOPIERS:

These are female, because once turned off it takes a while to warm them up again. They are an effective reproductive device if the right buttons are pushed, but can also wreak havoc if you push the wrong Buttons.

TIRES:

Tires are male, because they go bald easily and are often over inflated

HOT AIR BALLOONS:

Also a male object, because to get them to go anywhere, you have to light a fire under their butt.

SPONGES:

These are female, because they are soft, squeezable and retain water.

WEB PAGES:

Female, because they're constantly being looked at and frequently getting hit on.

TRAINS:

Definitely male, because they always use the same old lines for picking up people.

EGG TIMERS: Egg timers are female because, over time, all the weight shifts to the bottom.

HAMMERS:

Male, because in the last 5000 years they've hardly changed at all, and are occasionally handy to have around.

THE REMOTE CONTROL:

Female. Ha! You probably thought it would be male, but consider this: It easily gives a man pleasure, he'd be lost without it, and while he doesn't always know which buttons to push, he just keeps trying.
