

Who Makes The Best Patient?

Five Caribbean Surgeons are discussing who makes the best patients to operate on. The first a Cuban surgeon says, "I like to see accountants on my operating table, because when you open them up, everything inside is numbered." The second a Trinidadian responds, "Yeah, but you should try electricians! Everything inside them is color coded." The third a Barbadian surgeon says, "No, I really think librarians are the best; everything inside them is in alphabetical order." The fourth guy, a Guyanese surgeon chimes in: "You know, I like construction workers...those guys always understand when you have a few parts left over. But the fifth man, a Jamaican surgeon shut them all up when he observed: "You' re all wrong. Politicians are the easiest to operate on. There's no guts, no heart, no balls, no brains and no spine, and the head and the rear end are interchangeable"
