

Jamaica connects with its Jewish Heritage

The event, which was supported by The Jamaica Tourist Board, honored 10 extraordinary Jewish women role models for their unique contributions across a wide array of professions. Sandals Resorts was also on hand to give away a trip for two to a lucky participant.

Jamaica will also be the host destination of the inaugural Jewish Diaspora Conference (January 12-14, 2010) which will feature renowned experts from the United States, Jamaica, France and Israel, who will address topics from cultural history to Caribbean Jewish identity and heritage.
