Julian Marley urges, "The devastation that has occurred in Haiti is unimaginable. We must rise to the occasion to help our brothers and sisters in every way possible."

PROJECT MEDISHARE FOR HAITI is dedicated to sharing its human and technical resources with its Haitian partners in the quest to achieve quality healthcare and development services for all. The organization is currently sending doctors and medical supplies to Haiti to help aid the crisis.

THE CARMA FOUNDATION helps to improve the health of the poor and vulnerable women and children of Haiti. The foundation charters boats that bring supplies directly to their teams that are established on the ground in Haiti.

Those who cannot attend MIAMI FOR HAITI but are interested in helping can make donations online at www.carmafoundation.org and www.projectmedishare.org.
