

## Rihanna Loves Her Some Bob Marley

Grammy Award-winning Bajan singer Rihanna is staying true to her Caribbean roots.

The singer is reportedly showcasing her love for the late singer with the addition of a Bob Marley room to her new Los Angeles mansion. The room is reportedly filled with a giant painting of the legendary Jamaican reggae singer, memorabilia, gun-shaped chandeliers and a bar.

‘The Bob Marley room is my loungey room, so there’s incense burning, there’s a painting on the wall of Bob Marley in black and white, which I love. The rest of the room goes from green into yellow into red, like the Jamaican flag,’ she said recently in an interview with the Sun newspaper.

‘There’s a little coffee table and these seats that are like big pillows on the floor, so it’s not formal at all. There are lots of Bob Marley books, lyric books. He’s one of my favorite artists of all time &ndash; he really paved the way for every other artist out of the Caribbean,’ Rihanna, 22, added.
