

Every Woman Need Fi Know

Smart woman - yuh think yuh know everyting don't? Well ...

- If a man wants you, nothing can keep him away. If he doesn't want you, nothing can make him stay
- Stop making excuses for a man and his behavior
- Allow your intuition (or spirit)_ to save you from heartache.
- Stop trying to change yourself for a relationship that is not meant to be
- Slower is better.
- Never live your life for a man before you find what makes you truly happy.
- If a relationship ends because the man was not treating you as you deserve then heck no, you can't 'be friends.' A friend wouldn't mistreat a friend.
- Don't settle. If you feel like he is stringing you along, then he probably is.
- Don't stay because you think 'it will get better.' You'll be mad at yourself a year later for staying when things are not better.
- The only person you can control in a relationship is you.
- Avoid men who've got a bunch of children by a bunch of different women. He didn't marry them when he got them pregnant, why would he treat you any differently?
- Always have your own set of friends separate from his.
- Maintain boundaries in how a guy treats you.
- If something bothers you, speak up.
- Never let a man know everything. He will use it against you later.
- You cannot change a man's behavior. Change comes from within.
- Don't EVER make him feel he is more important than you are...even if he has more education or in a better job.
-
- Do not make him into a quasi-god. He is a man, nothing more nothing less.
- Never let a man define who you are.
- Never borrow someone else's man. Oh Lord! If he cheated with you, he'll cheat on you.
- A man will only treat you the way you ALLOW him to treat you.
- All men are NOT dogs.
- You should not be the one doing all the bending...compromise is a two-way street.
- You need time to heal between relationships...there is nothing cute about baggage... deal with your issues before pursuing a new relationship
- You should never look for someone to COMPLETE you...a relationship consists of two WHOLE individuals. Look for someone complimentary...not supplementary.
- Dating is fun...even if he doesn't turn out to be Mr. Right.

- Make him miss you sometimes...when a man always know where you are, and your always readily available to him - he takes it for granted.
- Don't fully commit to a man who doesn't give you everything that you need.
- Keep him in your radar but get to know others.
- Share this with other ladies. You'll make someone SMILE, another RETHINK her choices, and another woman PREPARE.
- They say it takes a minute to find a special person, an hour to appreciate them, a day to love them and an entire lifetime to forget them.
