

## Vybz Kartel, Konshens make provisional list for Grammy award

Incarcerated Dancehall superstar, Vybz Kartel has something to smile about today as one of his most recent compilations has been nominated for music's highest honor.

Vybz Kartel's Pon Di Gaza Mi Sey album, released in October 2011, is one of 50 projects on the provisional shortlist for the Best Reggae Album award at next year's Grammys in Los Angeles. Pon Di Gaza Mi Sey, released a month after Kartel's arrest on drug and subsequent murder charges, features many of Kartel's hits dating back to 2008. Some of the songs on Pon Di Gaza Mi Sey include Virginity (Versatility), Like a Movie, Get Wild, Life We Living and the controversial track, Romping Shop (featuring Spice). Another embattled Dancehall megastar, Busy Signal has also been nominated for his album, Reggae Music Again, which features hits like Kingston Town, Come Over and the CD's title track, Reggae Music Again.
