

Registration now open for Sagicor Sigma Corporate Run 2013

Registration is now open for the Sagicor Sigma Corporate Run, set for Sunday, February 17, 2012 which will benefit child and health related charities.

Now in its 15th year, the Sigma Corporate Run is continuing its mandate to raise funds for charitable organizations across Jamaica. "This year, Bustamante Hospital for Children, Best Care Children's Home and Jamaica National Children's Home have been selected as the charities to benefit from the monies raised by the Run," says Ingrid Card, Sagicor's Assistant Vice President for Group Marketing. "The theme for this year's Run is 'Healthy Spaces, Smiling Faces'."

"Of the corporate teams expected to participate in this year's Run, several have already registered and we encourage all participants to register early," says Card.

Last year, the Sigma Corporate Run had a record number of over 16,000 participants more than any other 5K road race in the Caribbean. 2013 is set to be another record breaking year with even more participants.

For further details and access to application forms, interested parties are asked to visit Sagicor's website (www.sagicorbankja.com/sigma-run).
